

Christmas is here, another year ending

Candles are burning and fires a-light
Carols are sung, presents are given
Remembering tales of that first holy night

*God's blessing this Christmas
To you and your loved ones
May you know peace and joy that He brings
Look on to the new year
And all it will offer
For our hopes and our longings and dreams*

Hear sleigh bells ring, listen to singing
Proclaiming the wondrous gift come to earth
Families and friends, gather together
For this is the season of our saviour's birth
